Digital Form 15315, Annual Certification for Multiemployer Defined Benefit Plans

The IRS Employee Plans has digitalized **Form 15315** to allow you to electronically report the actuarial certification of a multiemployer defined benefit plan’s funding status. No additional attachments or letters should be submitted with your **Form 15315** submission.

Frequently save your work to avoid losing data. Click Save and Exit at the bottom of the form. If you encounter a submission error, click on the Save and Exit button, log out and log back in. You can retrieve your saved draft form from the “Drafts” tab and resubmit the form.

Note: Any Form 15315 submitted to the IRS Employee Plans by mail, fax, or email on or prior to March 13, 2026, will be accepted. Going forward, Form 15315 should be submitted electronically.
